Mr. Lee Sutherland  
Sutherland Brothers  
P.O. Box 218  
Monticello, UT 84535

Dear Mr. Sutherland:

We have reviewed your notice for conducting a mining operation on your White Cloud #17 mining claim, and we have found the notice to be incomplete.

We require the following corrections and additional information.

1. The access road crosses White Cloud #19 and 21 mining claims; therefore, these claims and their serial numbers need to be included on your notice.
2. A large-scale map is needed which shows the direction of the mining, the location of any structures, the location of the access road in relation to the mine, and the location of topsoil stockpiles.

No drilling will be allowed until such time as a drilling proposal is submitted, along with a map showing the locations of the proposed drill sites.

If you have any questions, contact Neil A. Simmons of my staff at (801) 637-4584.

Sincerely,

Acting Area Manager

NOTICE  
OR  
PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

Instructions: Circle "Notice" (above) if proposed mining activity within the project area will disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if disturbance will exceed five acres during the calendar year or if operations are within one of the specially designated areas described in 43 CFR 3809.1-4(b). Complete the form in as much detail as possible. Additional sheets may be used if necessary. Use maps or sketches where appropriate. A review of the 43 CFR 3809 regulations should be conducted prior to completion of this form.

Operator Information:

Name Address Telephone

DIVISION OF  
OIL-GAS & MINING

Claimant Information (If different than operator):

Name Address Telephone

Same as above

Claim Information (Claim names, circle claim types (Lode, Placer, Mill Site, Tunnel), BLM Serial No.):

White Cloud 1-82

mining on White Cloud #17

# 327368

Location of Proposed Activity (i.e. Township, Range, Section):

Township Range Section  
24S 13E 15

Describe Existing Disturbance and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc. It may be to your advantage to document existing disturbance with photographs):

Existing dozer cuts and piles in Section 15 T24S R13E

Proposed Operations: Describe the entire proposed operation, including all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.) List all mechanized earth-moving equipment to be used during the operation and state if explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing the locations and size of areas where surface disturbances are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 acre = 43,560 sq. ft.)

1. Drilling in existing roads (1) Truck mounted drill rig
2. Mining will require (1) Dozer (1) Loader (2) Trucks
3. No explosives will be required
4. Less than 5 acres will be disturbed

Period of Operation: From upon approval To 6-4-95

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of nonoperation is anticipated.

1. Top soil will be kept separate & stacked for reclamation
2. Mined areas will be recontoured to BLM approval - soil will be spread & seeded to BLM requirements
3. No measures should be needed during non operation owing to the stability of the material being mined.

I will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measures will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

Signature of Operator: Lee Sutherland Date 6-4-92

NOTICE TO OPERATORS:

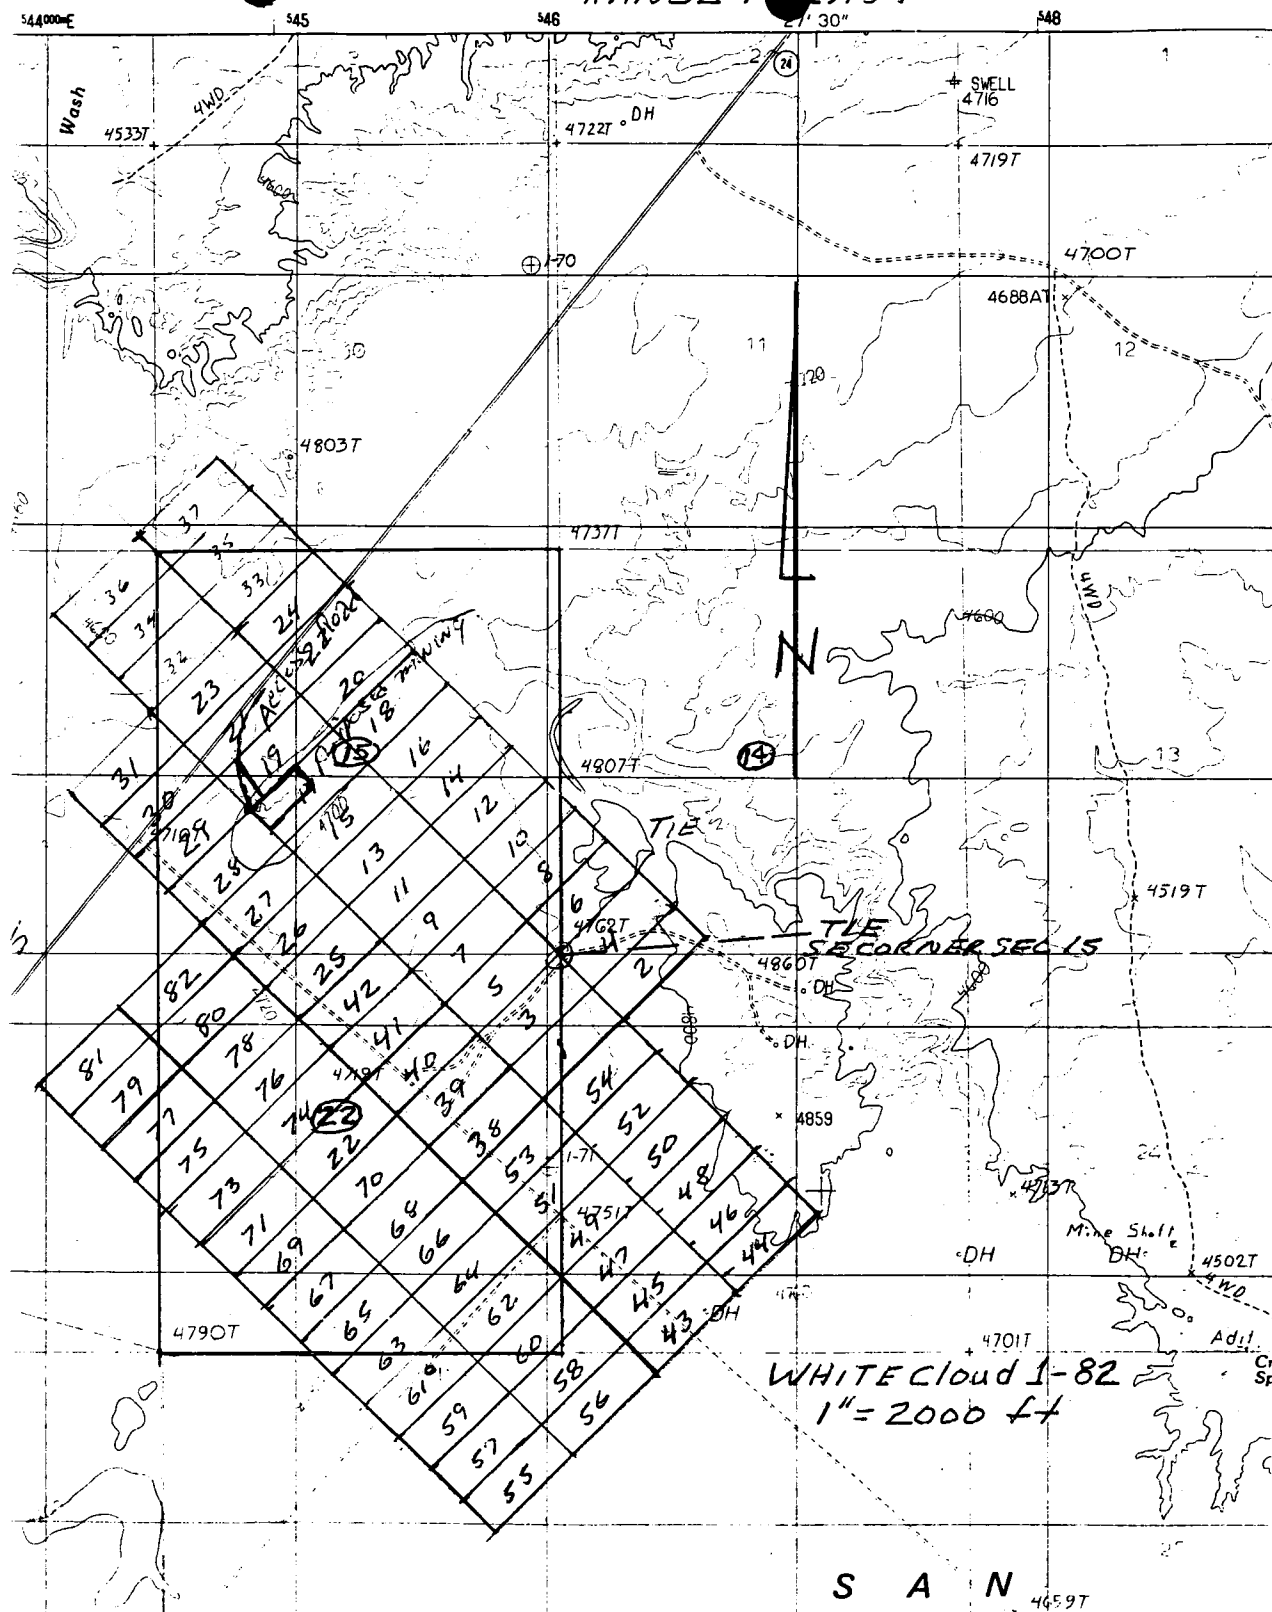

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 calendar days before commencing operations. Receipt of a notice will be acknowledged promptly. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a submitted plan and will notify the operator of the status of the plan within 30 days of receipt of the plan.
2. Submittal of a notice or approval of a plan of operations does not constitute certification of ownership to any person named as owner herein, nor does it constitute recognition of the validity of any mining claims named herein.
3. Generally, information that could be considered proprietary is not necessary to fulfill notice or plan of operations requirements. However, information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately and will not be available for public inspection.
4. Failure of operator to file a notice or a plan of operations, as required by the 43 CFR 3809 regulations, will subject the operator to being served a notice of noncompliance or enjoined from the continuation of such operations by a court order until such time as a notice or plan is filed with the BLM.
5. The completed notice or plan of operations should be filed with the appropriate resource area office. Their addresses are as follows:
